SECURED PLACEMENT PROGRAM WITHOUT THIRD-PARTY FUND CONTROL

We are thrilled to introduce our new cutting-edge Secured Placement Program by Resourceful Solutions PTE LTD. This exclusive program is tailored for Ultra High Net Worth Individuals (UHNWI) and corporate clients who are looking to participate in management Medium Term Note (MTN) trade programs without the requirement of relocating funds or relinquishing control to third parties.

Resourceful Solutions PTE LTD was established as a Special Purpose Vehicle (SPV) with the objective of facilitating entry into lucrative management MTN programs leveraging assets starting from 150 million EUR/USD. The company's shareholders bring significant financial expertise, in collaboration with the prominent law firm, Abogados y Asesores, S.L.P., boasting over 17 years of experience in providing structured finance solutions to international entities.

Initially, our offerings involved providing clients with solutions to participate in MTN programs through financial instruments like SBLCs or Bank Drafts. However, we have enhanced our system to enable clients to securely place a portion of their assets in their custody account at their bank for a specified period of one year, without the need to sign a cash management agreement with any trade desk. The client's funds remain safeguarded and under their custody account's control.

A crucial requirement is for an appointed financial officer from our law firm to have viewing rights over the client's custody account, without assuming control or execution rights over the funds.

Clients must provide KYC documents, an RWA Letter, a recent bank statement, and a Board resolution authorizing our Financial Officer to implement the structured finance program on their behalf.

Upon completion of due diligence, the transaction promptly commences, and the ten monthly payments are initiated within 30 banking days. The agreed proceeds are distributed to the client's nominated account.
